

WELCOME TO THE ePAYSTUB MOBILE APP

There are some exciting changes related to electronic pay available to you! It is the Company's desire to provide our active employees with a convenient, user-friendly, secure and cost-effective way to access their personal payroll information electronically. The Corporate E-Pay Team has been working very hard to develop and provide you with mobile smart phone accessibility. **In order to benefit from the new epaystub mobile app, you must log in to the Employee Self Service Portal (ESS) and 'opt out' of receiving a paper paystub.**

The ESS will continually permit you access to your personal information through a secure internet connection. You will be able to view and/or print your paystub on the ESS site at any time – 24/7. In many instances, your payroll information will be available to view prior to your actual pay day. We encourage you to familiarize yourself with the many benefits of the site.

If you have a corporate email, you can login to the ESS with your current User ID and Password.

If you don't have a corporate email, first-time users will need to register through the ESS.

Please note only active employees will be allowed to register.

It is important that you agree to receive your paystub online. Not only is it cost-efficient, but it keeps your payroll information between you and Payroll. Instructions on how to 'opt out' of your paper paystub and how to download the epaystub app are below. ePaystub is available now – please proceed to 'opt out' of paper and begin enjoying the app immediately!

If issues occur with the Employee Self Service Portal, please contact the Helpdesk at **1-800-309-0136**.

Thank you for supporting our Go Green initiative,

The E-Pay Team
