

Great Golf Outing Results

Miraculously, the first “cool” day of the Ft. Worth, Texas summer coincided with the Asplundh Golf Outing to Benefit the TREE Fund on August 14, 2016 at The Golf Club Fossil Creek. Enjoying the fine weather and fun were almost 70 golfers who participated in this FUNdraiser with the winning team being: *Brent Asplundh, Andrew Dodson, Byron Johnson and Mark Styslinger!*

All the golfers were treated to breakfast and beverages on the course, courtesy of Altec Industries, and a tasty awards luncheon was served up thanks to Terex Utilities. In addition, 18 great companies sponsored holes!

Asplundh was thrilled with the outstanding support of the sponsors (see below) and all the golfers at its 22nd annual golf outing, which resulted in a total of \$14,400 being donated to the TREE Fund. To take advantage of the Pacific Gas & Electric 50% matching program, Asplundh is pleased to announce that \$4,400 of that total donation will be directed toward the Utility Arborist Research Fund.

**Your vital support benefits the
Tree Research and Education Endowment Fund (www.treefund.org)**
